As a standard, the projected enrollment should be a minimum of 400 full-time equivalent students in curriculum programs within three years after establishment.

- (5) Will the local public school tax support be affected adversely by the local support required for the proposed institution?
- (6) Do the boards of commissioners and boards of education in the area support the application?
- (7) Are the facilities proposed to house the new institution adequate?

As a standard, no new institution shall be established within 25 miles of an existing institution within the community college system, except where urban population density or natural barriers become overriding considerations.
- (9) Will adequate state funds become available to support the proposed new institution?
- (10) Can the immediate needs of an area best be served by an extension unit operating under contract with an existing institution?

When the survey is completed, the Department will report to the state board and make its recommendation(s). Representatives of the college and board(s) of county commissioners may appear before the State Board and make a presentation at the meeting that the Department's recommendation is considered. The State Board shall make its recommendation(s) for the establishment of a new college to the General Assembly, including a request for additional funds if needed.

### **1B SBCCC 200.3 ESTABLISHING MULTI-CAMPUS CENTERS**

- (a) Definition. A multi-campus center (“MCC”) is a convenience location in the community college service area to provide appropriate population and geographic access for community outreach, testing, faculty and staff offices, as well as literacy, continuing education, and curriculum instruction. Students may complete certificates, diplomas, and associate degrees at MCC locations. Comprehensive instructional support functions including, but not limited to libraries and student development services, are parts of the operation. An MCC must provide students the opportunity to complete at least one associate degree at the MCC.
- (b) Purpose. The purpose of the SBCC’s policy on MCCs is to help ensure that appropriate geographic access to community college programs and services is provided to students while minimizing the unnecessary duplication and proliferation of facilities and while minimizing the negative impact on existing community college campuses and centers.
- (c) Establishment and Maintenance. To establish and maintain an MCC designation, colleges must satisfy all of the following criteria:
  - (1) The MCC is established in a location that provides geographic access to community college programs and services in a location within the college service area that is at least ten (10) miles from the main campus or other MCC locations or the college must provide evidence that the MCC is established in a location where the main campus or other MCC locations cannot adequately provide community college programs and services. This provision only applies to MCCs established after the effective date of this rule.

- (2) Colleges shall provide programs and services based on evidence of student demand and needs.
- (3) Colleges shall obtain prior approval and maintain approval of the MCC from the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Programs and services provided through MCCs shall comply with The Principles of Accreditation: Foundation for Quality Enhancement of SACSCOC.
- (4) County government provides support for maintenance and operation of the MCC physical plant.
- (5) The college has developed an instructional program and services plan including, but not limited to a description of programs, staffing, and instructional support functions.
- (6) The SBCC determines that the MCC is unlikely to have a significant negative impact on institutions contiguous to the MCC. The college shall consult with community college institutions contiguous to the MCC, and the community college institutions that are contiguous to the MCC may provide evidence that the MCC has or is likely to have a significant negative impact on college or program specific enrollment.
- (7) Students enrolled at an MCC must be able to complete at least one associate degree at the MCC.
- (8) Evidence that the duplication of instructional support and other cost expenses are justifiable from cost effectiveness and quality of support services perspectives.
- (9) The MCC must enroll a minimum of 300 (curriculum, occupational extension, or basic skills) budget FTE via traditional, blended, or hybrid instruction originating from and delivered at that MCC location. If an MCC drops below the minimum budget FTE (Level 1 MCC minimum is 300 and Level 2 MCC minimum is 1,201), the System Office will provide the college president with a written notification that this drop occurred after that year's budget allocations are approved by the State Board. If the MCC's budget FTE remains below the minimum in the subsequent fiscal year, for a Level 1 MCC, the budget allocation for that MCC will be reduced

by fifty percent (50%), and for a Level 2 MCC, the budget allocation will be reduced by 50% of the difference between Level 2 and Level 1 funding. If a Level 2 MCC's budget FTE continues to remain below the minimum in the third fiscal year, the MCC will be recategorized as a Level 1 MCC and its budget allocation will be decreased to the Level 1 funding. If a Level 1 MCC's budget FTE continues to remain below the minimum in the third fiscal year, the MCC will no longer be designated as an MCC, and its budget allocation will be eliminated. A college must follow the MCC approval process to re-establish an MCC in any future year.

- (10) The physical facility or facilities for the MCC must either be owned or leased on a long-term basis by the college.
- (d) The College of The Albemarle Dare County Campus and Gaston College Kimbrell Campus and Textile Technology Center MCCs established by the General Assembly are exempted from 1B SBCCC 200.3(c)(9).
- (e) Colleges shall comply with the following steps to obtain approval for MCC designation.
  - (1) Step 1 – Initial State Board Review and Recommendation. Community colleges seeking a MCC designation must submit their application to the State Board of Community Colleges (“State Board”) for approval by September 15th of each year. Community colleges’ applications shall include information responding to the criteria specified in 1B SBCCC 200.3(c)(1) - (c)(10).
    - (A) If a community college meets all of the criteria specified in 1B SBCCC 200.3(c), then the State Board shall recommend approval of the MCC designation.
    - (B) If a community college does not meet all of the criteria specified in 1B SBCCC 200.3(c)(1) – (c)(10), but provides evidence of being able to meet all of the criteria by the enactment of the budget for that fiscal year, the State Board shall recommend conditional approval. The State Board’s recommendation for conditional approval shall specify the criteria in 1B SBCCC 200.3(c)(1) – (c)(10) the college must satisfy to receive final State Board approval that is contingent upon the General Assembly appropriating funds.

- (2) Step 2 - Appropriation of Funds by the General Assembly. If the State Board recommends the MCC for approval or for conditional approval, the System Office shall include the State Board's recommendation in the budget request provided to the Office of State Budget and Management and to the General Assembly. If the General Assembly appropriates funds for the MCC, the State Board's recommendation moves to Step 3. If the General Assembly does not appropriate funds, the college shall annually certify in writing to the System Office by September 15th that there are no changes in the MCC application, and the System Office shall resubmit the college's MCC request as a part of the annual budget process in subsequent years, unless the college withdraws its request.
- (3) Step 3: State Board Approval. If the General Assembly appropriates recurring funds to support the MCC consistent with the existing funding formula and if the college satisfies any conditions specified by the State Board by the enactment of the budget for that fiscal year, the State Board shall approve the MCC designation. If the State Board approves the MCC designation, the State Board shall allocate recurring funds to the college for the newly approved MCC.

(1) Purpose: The purpose of the Voluntary Shared Leave Program is to allow an employee to donate leave, as allowed in this rule, to an employee who has been approved to receive leave through the Voluntary Shared Leave Program because of a medical condition of the employee or of a member of the employee's immediate family that will require the employee's absence for a prolonged period of time.

(2) In cases of a prolonged medical condition an employee may apply for or be nominated to become a recipient of leave transferred from the vacation leave account of another employee, from the sick leave or vacation account of an immediate family member as defined in section of this (c)(8) of this Subchapter or from the sick leave account of a non-family member as provided in (c)(11)(B) of this Rule. For purposes of this Rule, prolonged medical condition means medical condition that is likely to require an employee's absence from duty for a period of at least 20 consecutive workdays. If an employee has had previous absences for the same condition that has caused the employee to not have enough leave to cover the new need for leave or if the employee has had a previous, but different, prolonged medical condition within the last 12 months, the college may waive the requirement that the employee be absent from duty for a period of 20 consecutive workdays to participate in the program.

However, management may grant employees continuation in the program, month by month, for a maximum of 2,080 hours, if management would have otherwise granted leave without pay.

(5) An employee on workers' compensation leave who is drawing temporary total disability compensation may be eligible to participate in the voluntary shared leave program. Use of donated leave under the workers' compensation program shall be limited to use with the supplemental leave schedule as described in 25 NCAC 01E .0707.

(6) The employee shall exhaust all available leave before using donated leave.

(7) Non-qualifying conditions: This leave does not apply to short-term or sporadic conditions or illnesses that are common, expected or anticipated as determined by the college president or the college president's designee. This includes such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term, recurring medical or therapeutic treatments. These examples are illustrative, not all inclusive. Each case must be examined and decided based on its conformity to the intent of this Rule and must be applied consistently and equitably.

- (A) A donor or recipient shall have a half-time or more permanent, probationary, or time-limited appointment (The limitation and leave balance for permanent parttime employees shall be prorated);
- (B) A recipient shall apply or be nominated by a fellow employee to participate in the program;
- (C) A recipient shall produce medical evidence to support the need for leave beyond the available accumulated leave; and

(D) The maximum amount of vacation leave allowed to be donated by one individual is the amount of the individual's annual accrual rate. However, the amount donated shall not reduce the donor's vacation leave balance below one-half of the annual vacation leave accrual rate. Bonus leave may be donated without regard to this limitation.

(E) An employee may not directly or indirectly intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce, any other employee for the purpose of interfering with any right which such employee may have with respect to donating, receiving, or using annual leave under this program. Such action by an employee

shall be grounds for disciplinary action up to and including dismissal on the basis of personal conduct. The donation of leave is confidential, and only those individuals authorized under G.S. 115D-29 to access employee personnel file information may view donation information consistent with G.S. 115D-29. Recipients of voluntary shared leave shall not have access to information about individuals who donated leave. The employee donating leave shall not receive remuneration for the leave donated.

  - (2) Any employee, who is elected to a part-time public office, shall certify through the president to the board of trustees that the office will not interfere with his carrying out the duties of the position with the college, or request leave.
  - (3) Any employee, who is elected or appointed to a full-time public office or the General Assembly, shall be required to take a leave of absence without pay upon assuming that office. The length of the leave of absence shall be determined by the local board of trustees.

(c) Political activities of college presidents.

(2) Any college president, who is elected to a part-time public office, shall certify to the local board of trustees that the office will not interfere with carrying out the duties of the college presidency, or request leave.

(3) Any college president, who is elected or appointed to a full-time public office or to the General Assembly, shall be required to take a leave of absence without pay upon assuming that office. The length of the leave of absence shall be determined by the local board of trustees.

**1C SBCCC 200.100 PAID PARENTAL LEAVE**

(a) For the purpose of this Section, the following definitions shall apply.

(1) "Child" means a newborn biological Child or a newly-placed adopted, foster or otherwise legally placed Child under the age of 18, whose Parent is an eligible employee.

(2) "Parent" means:

(A) the mother or father of a Child through birth or legal adoption; or

(B) an individual who cares for a Child through foster or other legal placement under the direction of a government authority.

(3) "Public safety concern" means a significant impairment to the agency's ability to conduct its operations in a manner that protects the health and safety of North Carolinians.

(4) "Qualifying event" means when an employee becomes a Parent to a Child.

(b) Relationship to Other Sections and Policies.

(1) This Section states the terms and conditions only for paid parental leave that is provided under G.S. 126-8.6 and for colleges who are required to adopt Sections and policies that are "substantially equivalent" to those promulgated by the NC Office of State Human Resources.

(2) The paid parental leave provided under this Section is in addition to any other leave authorized by State or federal law. Nothing in this Section shall prohibit a college, if authorized, from providing paid parental leave in amounts greater than as required by this Section.

(c) Eligibility for Paid Parental Leave.

(1) Employees who become Parents via childbirth, adoption, foster care, or another legal placement are eligible for Paid Parental Leave if:

(A) Employee is in a permanent, time-limited, or probationary appointment. Temporary employees are not eligible for Paid Parental Leave under this Section.

(B) At the time of the qualifying event, the employee meets each of the following conditions:

(i) For the immediate 12 preceding months, the employee has been employed without a break in service, as defined by 25 NCAC 01D .0114, by the State of North Carolina in a permanent, time-limited, or probationary appointment.

a. Periods of worker's compensation or short-term disability months preceding the qualifying events do not make the employee ineligible for Paid Parental Leave.

b. Periods of leave without pay, as defined in 25 NCAC 01E .1100, shall not constitute a break in service.

(ii) The employee has been in pay status with the State of North Carolina for at least 1,040 hours during the previous 12-month period becoming eligible for Family and Medical Leave.

a. Exhaustion of Family and Medical Leave does not affect eligibility for Paid Parental Leave.

(d) Leave Available to Full-Time Employees.

(1) Full-time employees eligible for Paid Parental Leave under this Section may take, in their discretion, up to the following amounts of leave:

(A) Eight weeks of paid leave after a parent gives birth to a child.

(B) Four weeks of paid leave after any other qualifying event.

(2) Each week of paid parental leave under this Section shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differential, premium pay, or overtime.

(e) Leave Available to Part-Time Employees.

(1) Part-time employees (regardless whether they work half-time or more) shall receive Paid Parental Leave under this Section if the employee meets all other requirements for eligibility.

(2) Part-time employees eligible for Paid Parental Leave under this Section may take, in their discretion, a prorated leave amount of:

(A) Four weeks of paid leave after a Parent gives birth to a Child.

(B) Two weeks of paid leave after any other qualifying event.

(3) Each week of Paid Parental Leave under this Section shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differential, premium pay, or overtime.

(f) Use of Other Leave.

(1) The Paid Parental Leave provided under this Section shall not be counted against or deducted from the employee's sick, vacation, or other accrued leave. The Paid Parental Leave provided under this Section is in addition to any other leave authorized by law, Section, or policy. Whether an employee has exhausted Family and Medical Leave does not affect eligibility for Paid Parental Leave under this Section.

(g) Requesting Use of Paid Parental Leave.

(1) Eligible employees may take Paid Parental Leave in one continuous period or may take intermittent use of Paid Parental Leave. Requests for intermittent use of Paid Parental Leave are subject to the agency's approval as stated in Paragraph (4) of this Section.

(2) Whenever possible, eligible employees shall notify their agency at least 10 weeks in advance of their intention to use Paid Parental Leave. Employees may withdraw their request for Paid Parental Leave at any time.

(3) Absent unusual circumstances, the employee shall be required to comply with agency leave request procedures.

(4) The agency shall not deny, delay, or require intermittent use of Paid Parental Leave to employees who gave birth and seek to use Paid Parental Leave in one continuous period.

(5) For all other employees, the agency may delay providing Paid Parental Leave or may provide Paid Parental Leave intermittently if it determines that providing the leave will cause a public safety concern. For example, the extension of Paid Parental Leave to an eligible employee who did not give birth may constitute a Public Safety Concern if:

(A) Providing the Paid Parental Leave would result in agency staffing levels below what is required by federal or state law to maintain operational

safety; or

(B) Providing the Paid Parental Leave may impact the health or safety of staff, patients, residents, offenders, or other individuals the agency is required by law to protect; and

(C) The agency has been unable to secure supplemental staffing after requesting or diligently exploring alternative staffing options.

(6) If the agency determines that it must delay Paid Parental Leave, or make Paid Parental Leave intermittent, because of a public safety concern under Paragraph of this Section, the agency shall provide Paid Parental Leave as soon as practical following the Qualifying Event.

(7) If both Parents are eligible employees, each may receive Paid Parental Leave. Both Parents may take their leave simultaneously or at different times, pending no Public Safety Concern.

(h) Leave Usage.

(1) Paid Parental Leave may be used only once for a Qualifying Event within a 12 month period. The fact that a multiple birth, adoption, or other legal placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of Paid Parental Leave granted for that event.

(2) Unused Paid Parental Leave is forfeited 12 months from the date of the Qualifying Event.

(3) Paid Parental Leave shall not accrue or be donated to another employee.

(4) Employees shall not be paid for the leave provided by this Section upon separation from the employer. The leave provided by this Section shall not be used for calculating an employee's retirement benefits and shall not accrue or be donated as voluntary shared leave.

### **1C SBCCC 400.8 LONGEVITY PAY PLAN FOR COLLEGE PERSONNEL**

- (a) Employees of institutions in the community college system assigned to permanent fulltime or permanent -part-time- positions shall receive longevity pay if the employees meet the requirements of total qualifying service set forth in this Rule.
- (b) Total service for the longevity pay plan is based on a month-for-month- computation of permanent fulltime and permanent -part-time- (20 hours or more, but less than full-time) employment with:
  - (1) An institution in the community college system or a school administrative unit regardless of the source of salary and including state, local or other paid employment.
    - (A) Employment for a school year is equivalent to one full calendar year (credit for a partial year is given on a month-for-month- basis).
    - (B) In no event will an employee earn more than a year of total service credit in a 12-month period.
    - (C) If an employee is in pay status (working, exhausting vacation or sick leave, or when on workers' compensation leave or is on authorized military leave) for one-half or more of the regularly scheduled workdays in a month, credit shall be given for the entire month.
  - (2) Departments, agencies, and institutions of the State of North Carolina, (e.g., Department of Administration, Department of Revenue, University of North Carolina, Department of Community Colleges, Department of Public Instruction).
  - (3) Other governmental units which are now agencies of the State of North Carolina (e.g., county highway maintenance forces, War Manpower Commission, judicial system).
  - (4) County agricultural extension service.
  - (5) Local mental health, public health, social services or civil preparedness agencies in North Carolina, if such employment is subject to the Office of State Human Resources Act.
  - (6) Authorized military leave.
    - (A) Credit for military leave is granted only for persons who were employees of the State of North Carolina or other agencies listed in Paragraph (b) of this Rule who were granted leave without pay:

- (i) for a period of involuntary service plus 90 days or for a period of voluntary enlistment for up to four years, plus 90 days, so long as they returned to employment in a covered agency within the 90 days; or
  - (ii) for a period of active duty for service, alerts, or required annual training while in the National Guard or in a military reserve program.
- (B) Employees who enlist for more than four years or who re-enlist shall not be eligible for military leave.
- (C) Employees hospitalized for a service connected- disability or injury shall be granted additional leave without pay for the period of hospitalization plus 90 days or for 12 months, whichever is shorter. The hospitalization must commence before reinstatement into qualifying service for the provisions of this part to apply.
- (c) Total service for the longevity pay plan does not include:
  - (1) Temporary service, that is, service by an employee who works in a temporary position, or who is working temporarily in the absence of a permanent employee on leave of absence, except that temporary service of employees of the General Assembly will be counted and the full legislative terms of the members. Service of legislative interns and pages will not be counted.
  - (2) Periods of out-of-state employment with other states, schools, colleges or universities.
  - (3) Periods of employment with agencies of the federal government.
  - (4) Periods of military service other than those categories described in Subparagraph (b)(6) of this Rule.
  - (5) Periods of employment for employers other than the State of North Carolina even though credit in the North Carolina retirement system has been purchased for such employment.
- (d) An employee assigned to a permanent fulltime or permanent part-time- position is eligible for longevity pay only after the date the employee has completed ten years of total service with a community college, a school administrative unit or an agency.
- (e) Annual longevity pay amounts are based on the length of total service to agencies, community colleges, and school administrative units as designated in Paragraph (b)

of this Rule and a percentage of the employee's annual rate of pay on the date of eligibility.

(1) Longevity pay amounts are computed by multiplying the employee's annual base or contract salary rate as of the eligibility date by the appropriate percentage, rounded to the nearest dollar, in accordance with the following table:

---

Years of Total State Service	Longevity Pay Rate
10 but less than 15 years	1.50%
15 but less than 20 years	2.25%
20 but less than 25 years	3.25%
25 or more years	4.50%

---

(2) Longevity pay is not considered a part of annual base or contract salary or is it to be represented in personnel and payroll records as a part of annual base or contract salary. (Salary increases effective on the same date as the longevity eligibility date shall be incorporated in the base salary before computing longevity).

(f) The payment of longevity pay to eligible employees is automatic. Payment shall be made in a lump sum, subject to all statutory deductions, during the monthly pay period in which the employee has satisfied all eligibility requirements.

(1) Eligible employees on worker's compensation leave shall receive longevity payment in the same manner as if they were working.

(2) If an employee retires, resigns, dies, or is otherwise separated on or after the date of becoming eligible for a longevity payment, the full payment shall be made to the employee or to the estate of the employee in case of death.

(3) If, on the effective date of this policy, an employee has completed the qualifying length of service but is between eligibility dates, longevity payment will be made on the next longevity anniversary date.

(4) If the employee has worked part but not all of one year since qualifying for longevity payment, the employee shall receive a pro-rata- payment in the event of:

(A) Separation from the institution;

- (B) Change in employment status to temporary part-time, or to a position not covered in this policy.
- (5) If an employee separates from a community college and receives a partial longevity payment and is employed by another community college, school administrative unit, or state agency, the balance of the longevity payment shall be made upon completion of additional service totaling 12 months for an employee having a 12-month period of employment, or upon completion of a lesser term for an eligible employee on less than a 12-month period of employment. The balance due is computed on the annual or contract salary being paid at the completion of the requirement.
- (6) If an eligible employee at the time of separation has a fraction of a year toward the next higher percentage rate, payment shall be based on the higher rate; however, the basic eligibility for longevity requirement must have been satisfied before this provision can apply.
- (7) Leave without pay in excess of one-half the work days in a month (with the exception of authorized military leave and worker's compensation leave) will delay the longevity anniversary date on a month-for-month basis.
- (g) Boards of trustees shall pay longevity pay from the same source of funds and in the same pro-rata- amounts from which the employee's regular annual salary is paid (e.g. state, federal, local funds). If boards of trustees want to provide longevity payments in excess of the amounts provided for by subsection (e)(1), such payments may not be supported with state funds as defined by 1H SBCCC100.1.
- (h) The president of each community college shall:
- (1) Determine the quantity of qualifying service and the longevity anniversary date for each eligible employee.
  - (2) Furnish to the State Board, in format prescribed by the System Office, data necessary for a determination of the cost of the longevity pay plan from state funds.
- (i) The President of the Community College System shall determine the total cost of the longevity pay plan from data submitted by each community college. If funds are not adequate to pay longevity rates established under this Rule, the President of the

Community College System shall submit a budget revision to the State Budget Officer requesting additional funds from other available sources within State Aid.

(A) The associate in applied science degree programs are designed to prepare individuals for employment. These programs involve the application of scientific principles in research, design, development, production, distribution, or service.

(B) The associate in arts, associate in science, and associate in fine arts degree programs are designed to prepare students for transfer at the junior level to institutions offering baccalaureate degrees.

(C) The associate in general education degree programs are designed for students who desire a general liberal arts education.

(ii) The diploma programs are designed to provide entry-level employment training. A diploma program may be a stand-alone curriculum program title, or a college may award a diploma under the college's associate in applied science degree curriculum program for a series of courses taken from the program of study and structured so that a student may complete additional non-duplicative coursework to receive an associate in applied science degree.

- (iii) The certificate programs are designed to lead to employment or to provide skills upgrading or retraining for individuals already in the workforce. A certificate program may be a stand-alone curriculum program title, or a college may award a certificate under the college's associate degree or diploma curriculum program for a series of courses taken from the program of study.
  - (b) Developmental Education programs consist of courses and support services which include diagnostic assessment and placement, tutoring, advising, and writing assistance. These programs are designed to address academic preparedness, workforce retraining, development of general and discipline-specific learning strategies, and affective barriers to learning. Developmental courses do not earn credit toward a degree, diploma, or certificate.
- (2) Continuing Education Programs:
- (a) Occupational Extension courses consist of single courses, each complete in itself, designed for the specific purposes of training an individual for full- or part-time employment, upgrading the skills of persons presently employed, and retraining others for new employment in occupational fields.
  - (b) Community Service:
    - (i) Community Service courses consist of single courses, each complete in itself, that focus on an individual's personal or leisure needs rather than occupational or professional employment.

(ii) Recreational programs are self-supporting courses which the college may provide at the request of the community but for which the college receives no budgetary credit. Funds appropriated as operating expenses for allocation to the colleges shall not be used to support recreation courses. The financing of these courses by a college shall be on a self-supporting basis, and membership hours produced from these activities shall not be counted when computing full-time equivalent students for use in budget-funding formulas at the state level.

(d) Basic Skills Programs. The State Board and the community college system shall encourage persons to complete high school rather than seek testing for the High School Diploma Equivalency.

(i) High School Equivalency programs consist of classroom instruction, learning laboratory courses, or a combination of activities designed to qualify a student for an adult high school diploma. An Agreement of Affiliation with a local public school system is required for minors sixteen or seventeen years old. No agreement is required for adults eighteen years old and older.

Classes are offered and focus on fundamental skills such as reading, writing, speaking, computing, critical thinking, and problem solving.
  - (iv) The English as a Second Language (ESL) program offers classes which accommodate the varied needs of the immigrant and refugee populations.     - (ii) The student requires transportation to and from a job that is necessary to the welfare of his family and is unable by any other means to do so.
  - (C) The person seeking the certificate cannot make progress toward obtaining a high school diploma or its equivalent. The president or the president's designee shall determine, along with input from other basic skills staff, if a student is unable to make progress toward obtaining a high school diploma or its equivalent.
- (2) The President or his designee shall not issue a driving eligibility certificate if it is determined that either after the first day of July before the school year which the student enrolled in the eighth grade or after the student's fourteenth birthday, whichever event occurred first, the student was subjected to disciplinary action as defined in this Subparagraph for any of the enumerated conduct as defined in this Subparagraph. Disciplinary action is defined as:

  - (B) The conduct which resulted in the disciplinary action occurred before the student reached the age of 15, and at least one year has passed since the student exhausted all administrative appeals connected to the disciplinary action.

- (4) A student who was ineligible for a certificate under Subparagraph (a)(2) of this Rule may otherwise be eligible for a certificate if, after six months from the date of the ineligibility, the president or the president's designee determines that:
- (A) The student has displayed exemplary behavior; or
  - (B) The ineligibility was based on a disciplinary action for the possession or sale of an alcoholic beverage or a controlled substance on school property and the

president or the president's designee determines that the student has attended and successfully completed a drug or alcohol treatment program.

(i) Exemplary behavior is defined as the student having no further incidents of misconduct where expulsion, suspension, or an assignment to an alternative educational setting is required.

## **SUBCHAPTER 400. CURRICULUM**

### **1D SBCCC 400.1 Curriculum Definitions**

The following terms shall have the following meanings throughout this Title.

- (a) Archived Course: A curriculum course that is archived from the Combined Course Library will be given an end term date and permanently stored in the Combined Course

Library database. The course may no longer be offered by a college or be included in a proposed program of study. The course prefix and number of an archived course remain intact and may not be used for any other course.

(b) Contact Hour: The actual time of student attendance in a class or lab.

(c) Credit Hours:

(1) Class: Credit of one semester hour is awarded for each 16 hours of lecture and other instruction provided in a class under the supervision of an instructor.

(2) Clinical Practice: Credit of one semester hour is awarded for each 48 hours of clinical practice. Clinical practice provides an opportunity for health science students to apply knowledge and skills in their delivery of care in a health care setting. A qualified faculty member, clinical instructor, or preceptor, as defined by the program related approving or accrediting body, shall supervise clinical practice to provide the student with learning experiences related to the program and to monitor and assess the student's application of skills. Clinical practice may utilize experiences that simulate realistic clinical experiences to meet the curriculum and course objectives. The percentage of simulation experiences substituting for traditional clinical practice and the qualifications of faculty providing the simulation experience must comply with the guidelines of the applicable health science accrediting and approving bodies.

(3) Experiential Laboratory: Credit of one semester hour is awarded for each 32 hours of "experiential laboratory work." Experiential laboratory work means instruction given to a student by an instructor to increase the student's knowledge and skills without immediate student application.

(4) Faculty Directed Laboratory: Credit of one semester hour is awarded for each 48 hours of "faculty directed laboratory." Faculty directed laboratory means instructional activities are demonstrated or conducted by an instructor with immediate student application.

(5) Work-Based Learning: Credit of one semester hour is awarded for each 160 hours of work-based learning (WBL curriculum prefix courses). Work-based learning is the development of job skills by providing the student with employment that is

directly related to the educational program, and coordinated by a college representative.

## **1D SBCCC 400.2 Admission to Colleges**

- (a) Each college shall maintain an open-door admission policy to all applicants who are legal residents of the United States and who are either high school graduates or are at least 18 years of age. Community colleges shall not solicit or use information regarding the accreditation of a secondary school located in North Carolina that a person attended as a factor affecting admission to the college or to any program of study, loans, scholarships, or other educational activity at the community college, unless the accreditation was conducted by a State agency. For purposes of this Section, the term "accreditation" shall include certification or any other similar approval process. Officials of each college shall perform student admission processing and placement determinations. Admission requirements for an emancipated minor shall be the same as for an applicant 18 years old or older. Provisions with respect to admission of minors are set forth in 1D SBCCC 200.95 and 1D SBCCC 300.4.
- (b) For the purposes of this Section, "undocumented immigrant" means any immigrant who is not lawfully present in the United States. Community colleges shall admit undocumented immigrants under the following conditions:
- (1) Community colleges shall admit an undocumented immigrant only if he or she attended and graduated from a United States public high school, private high school, or home school that operates in compliance with State or local law;
  - (2) When determining who is an undocumented immigrant, community colleges shall use federal immigration classifications;
  - (3) Undocumented immigrants admitted under Subparagraph (b)(1) of this Rule shall comply with all federal and state laws concerning financial aid;
  - (4) An undocumented immigrant admitted under Subparagraph (b)(1) of this Rule shall not be considered a North Carolina resident for tuition purposes. Colleges shall

charge all undocumented immigrants admitted under Subparagraph (b)(1) of this Rule out-of-state tuition whether or not the undocumented immigrant resides in North Carolina;

- (5) When considering whether to admit an undocumented immigrant into a specific program of study, community colleges shall take into account that federal law prohibits states from granting professional licenses to undocumented immigrants; and
  - (6) Students lawfully present in the United States shall have priority over any undocumented immigrant in any class or program of study when capacity limitations exist.
- (c) Boards of trustees may adopt policies regulating admission and graduation of students enrolled in courses mandated under G.S. 17C, North Carolina Criminal Justice Education and Training Standards Commission, or G.S. 17E, North Carolina Sheriffs' Education and Training Standards Commission. These policies may limit enrollment to law enforcement officers or persons sponsored by law enforcement agencies and may require a student to maintain sponsorship by a law enforcement agency until completion of the program. Policies adopted pursuant to this Paragraph shall be published and made available to students and prospective students.
- (d) Any college suspending or expelling a student for non-academic disciplinary purposes shall record the suspension or expulsion in the student's educational record. Upon receipt of a written request signed by the student and subject to all applicable privacy laws, each college shall, in accordance with the student's request, inform other colleges and universities of the term and circumstances of the student's non-academic disciplinary suspension or expulsion, if any. Boards of trustees may adopt policies refusing admission to any applicant during any period of time that the student is suspended or expelled from any other educational entity.
- (e) Boards of trustees may adopt policies refusing admission to any applicant if it is necessary to protect the safety of the applicant or other individuals. When making a safety determination, colleges may refuse admission to an applicant when there is an articulable, imminent, and significant threat to the applicant or other individuals.

Colleges refusing admission on the basis of a safety threat shall document the following:

- (1) Detailed facts supporting the rationale for denying admission;
  - (2) The time period within which the refusal to admit shall be applicable and the supporting rationale for the designated time period; and
  - (3) The conditions upon which the applicant that is refused would be eligible to be admitted.
- (f) Boards of trustees shall implement an appeals process for applicants denied admission pursuant to either Subsection (e) or denied enrollment pursuant to Subsection (h) of this Section.
- (g) Boards of trustees may adopt policies refusing admission to any applicant who is not a resident of North Carolina who seeks enrollment in any distance education course only if that applicant resides in a State where the college is not authorized to provide distance education in that State.
- (h) Except for courses governed by subsection (c) above, if a community college has a program or develops a program that requires students to possess a firearm, that board of trustees shall adopt local policies requiring proof of eligibility to possess firearms to be enrolled in such program. For the purposes of this Section, "firearms" shall have the same definition as G.S. 14-409.39(2). For the purposes of this Section, proof of eligibility shall include:
- (1) Any current, valid State-issued permit to purchase a firearm;
  - (2) A current, valid State-issued concealed carry permit from North Carolina;
  - (3) A current, valid State-issued concealed carry permit from a state with a reciprocal concealed carry agreement with North Carolina;
  - (4) Proof of an exemption from permit requirements pursuant to G.S. 14-415.25; or

- (1) Students taking courses for which no academic credit is offered;
  - (2) Nonresident alien students;
  - (3) Students whose qualified tuition and related expenses are entirely waived or paid entirely with scholarships; and
  - (4) Students for whom the community college does not maintain a separate financial account and whose qualified tuition and related expenses are covered by a formal billing arrangement between the community college and the student's employer or a governmental entity.

## **1D SBCCC 400.11 Education Services through Career and College Promise (Curriculum)**

The purpose of Career and College Promise is to offer structured opportunities for qualified high school students to dually enroll in community college courses that provide pathways that lead to a certificate, diploma, or degree as well as provide entry-level jobs skills. Academic credits earned through Career and College Promise shall enable students who continue into postsecondary education after graduating from high school to complete a postsecondary credential in less time than would normally be required. All previous high school transition programs, including Huskins, Concurrent Enrollment, Cooperative and Innovative High Schools, Learn and Earn, and Learn and Earn Online were consolidated and replaced by Career and College Promise.

- (a) The major purpose of community colleges is to serve students who have graduated from high school or are beyond the compulsory age limit of the public school and have left public school. However, a minor may seek admission to a community college subject to the conditions in this Section.
- (b) Career and College Promise is a dual enrollment program for eligible North Carolina high school students. Community colleges may collaborate with local school administrative units to offer courses through the following Career and College Promise program pathways:

- (1) A College Transfer Pathway approved by the State Board of Community Colleges including transfer courses in English and mathematics;
  - (2) A Career and Technical Education Pathway leading to a certificate, diploma or degree;
  - (3) Career and Technical Education – Workforce Continuing Education leading to a State or industry recognized credential. Career and College Promise rules applicable to Workforce Continuing Education are provided in 1D SBCCC 300.4(c)(1)(D).
  - (4) A Cooperative Innovative High School Pathway approved under Part 9 of Article 16 of Chapter 115D of the North Carolina General Statutes.
- (c) All non-self-supporting curriculum courses taken by high school students at community colleges in accordance with this Section are tuition-waived.
  - (d) High school students may not audit courses offered under the Career and College Promise Program.
  - (e) High school students enrolled in a College Transfer Pathway or a Career and Technical Education Pathway may not enroll in developmental education courses, but may enroll in supplemental courses. For the purposes of this section, the phrase “supplemental courses” shall have the same meaning as in 1D SBCCC 400.8(b)(1).
  - (f) A college shall submit a program of study for each Career and College Promise program it plans to offer, to the North Carolina Community College System Office using program codes provided by the North Carolina Community College System Office.
- (1) Career and Technical Education programs of study must be in compliance with the State Board approved curriculum standard and must include a minimum of twelve (12) semester hours of credit from core courses or consist of courses as listed in the college’s catalog as a local, traditional certificate. General education courses for career and technical education programs of study shall be directly related to student success in the selected major. All courses in the program of study must be required courses. Course options are prohibited.
  - (2) College Transfer Pathway programs of study shall be in compliance with the State Board approved Associate in Arts, Associate in Engineering, Associate in Science,

Associate in Fine Arts in Music, Associate in Fine Arts in Theater, Associate in Fine Arts in Visual Arts or Associate Degree Nursing Transfer Pathways approved by the State Board of Community Colleges.

- (3) Programs of study must be approved by the North Carolina Community College System Office assigned Academic Programs staff before students can be enrolled.
  - (4) Within the Career and College Promise program of study, a college must verify its capacity to teach all courses in the program of study.

The student shall provide a copy of the high school transcript or a copy of an assessment report from diagnostic assessment tests approved by the State Board of Community Colleges verifying that the eligibility requirements have been met. Colleges must verify eligibility prior to enrollment of the student in the Career and College Promise Program. Colleges shall maintain verification of student eligibility for a Career and College Promise Pathway.
- (h) Colleges shall assign student codes provided by the North Carolina Community College System Office and shall update the student code to reflect when the student transitions out of the Career and College Promise program and is no longer eligible to participate in the program and receive a tuition waiver.
- (i) Colleges must be in compliance with 1D SBCCC 400.96(a) regarding Level I Instructional Service Agreements when providing courses (on-line or traditional) or services to groups of Career and College Promise students outside of their service area.

## **SUBCHAPTER 500. CUSTOMIZED TRAINING**

### **1D SBCCC 500.1 PROGRAM CLASSIFICATION**

The following criteria are used for classifying the programs offered in the North Carolina Community College System.

(1) Curriculum Programs:

- (a) A curriculum program is an organized sequence of courses leading to an associate degree, a diploma, or a certificate. All curriculum programs are designed to provide education, training, or retraining for the work force.
- (i) Associate degree programs are planned programs of study culminating in an associate in applied science, associate in arts, associate in fine arts, associate in science, or associate in general education degree.
    - (A) The associate in applied science degree programs are designed to prepare individuals for employment. These programs involve the application of scientific principles in research, design, development, production, distribution, or service.
    - (B) The associate in arts, associate in science, and associate in fine arts degree programs are designed to prepare students for transfer at the junior level to institutions offering baccalaureate degrees.
    - (C) The associate in general education degree programs are designed for students who desire a general liberal arts education.
  - (ii) The diploma programs are designed to provide entry-level employment training. A diploma program may be a stand-alone curriculum program title, or a college may award a diploma under the college's associate in applied science degree curriculum program for a series of courses taken from the program of study and structured so that a student may complete additional non-duplicative coursework to receive an associate in applied science degree.
  - (iii) The certificate programs are designed to lead to employment or to provide skills upgrading or retraining for individuals already in the workforce. A certificate program may be a stand-alone curriculum program title, or a college may award a certificate under the college's associate degree or diploma curriculum program for a series of courses taken from the program of study.
- (b) Developmental Education programs consist of courses and support services which include diagnostic assessment and placement, tutoring, advising, and writing assistance. These programs are designed to address academic preparedness, workforce retraining, development of general and discipline-specific learning

strategies, and affective barriers to learning. Developmental courses do not earn credit toward a degree, diploma, or certificate.

(2) Continuing Education Programs:

(a) Occupational Extension courses consist of single courses, each complete in itself, designed for the specific purposes of training an individual for full- or part-time employment, upgrading the skills of persons presently employed, and retraining others for new employment in occupational fields.

(b) Community Service:

(i) Community Service courses consist of single courses, each complete in itself, that focus on an individual's personal or leisure needs rather than occupational or professional employment.

(ii) The cultural and civic, and visiting artist component of this program meets community needs through lecture and concert series, art shows, the use of college facilities by community groups, providing speakers to community organizations, and providing visiting artist activities for college communities. Visiting artists may be provided an opportunity to work as artists in residence to enhance local arts resources and promote the various visual, performing and literary arts in communities throughout North Carolina.

(c) Self-Supporting Programs:

(i) A self-supporting course is not reported to the state for budget FTE since the cost of conducting the course is paid by students enrolled.

(ii) Recreational programs are self-supporting courses which the college may provide at the request of the community but for which the college receives no budgetary credit. Funds appropriated as operating expenses for allocation to the colleges shall not be used to support recreation courses. The financing of these courses by a college shall be on a self-supporting basis, and membership hours produced from these activities shall not be counted when computing full-time equivalent students for use in budget-funding formulas at the state level.

(d) Basic Skills Programs. The State Board and the community college system shall encourage persons to complete high school rather than seek testing for the High School Diploma Equivalency.

(i) High School Equivalency programs consist of classroom instruction, learning laboratory courses, or a combination of activities designed to qualify a student for an adult high school diploma. An Agreement of Affiliation with a local public school system is required for minors sixteen or seventeen years old. No agreement is required for adults eighteen years old and older.

(ii) General Educational Development (GED) testing programs consist of classroom instruction, or learning laboratory courses, or a combination of both designed to qualify a student to demonstrate competency on the General Educational Development (GED) tests and to receive a High School Diploma equivalency from the State Board. The State Board is responsible for the administration of the General Educational Development testing program in cooperation with the Office on Educational Credit of the American Council on Education. The procedures regulating the GED Testing Program set forth in the GED Examiner's Manual published by the General Educational Development Testing Service of the American Council on Education are hereby incorporated by reference. A copy of this manual is available for inspection in the Office of the System President, Community College System Office, 200 W. Jones Street, Raleigh NC 27603-1379. A copy of this manual may be obtained at a cost of fifteen dollars (\$15.00) from the GED Testing Service of the American Council on Education, One Dupont Circle NW, Suite 250, Washington, DC 20036-1163.

(iii) The Adult Basic Education (ABE) program is designed for adults who are functioning at or below the eighth grade educational level. The major objectives of the program are to enable adults to acquire the basic educational skills necessary to be fully competent in our society, to improve their ability to benefit from occupational training and to have greater opportunities for more productive and profitable employment, and to meet their own objectives for enrolling in the program. Classes are offered and focus on fundamental skills

such as reading, writing, speaking, computing, critical thinking, and problem solving.

(iv) The English as a Second Language (ESL) program offers classes which accommodate the varied needs of the immigrant and refugee populations. ## **SUBCHAPTER 600. SMALL BUSINESS CENTERS**

### **1D SBCCC 600.1 PROGRAM CLASSIFICATION**

The following criteria are used for classifying the programs offered in the North Carolina Community College System.

#### **(1) Curriculum Programs:**

- (a) A curriculum program is an organized sequence of courses leading to an associate degree, a diploma, or a certificate. All curriculum programs are designed to provide education, training, or retraining for the work force.

(i) Associate degree programs are planned programs of study culminating in an associate in applied science, associate in arts, associate in fine arts, associate in science, or associate in general education degree.

(A) The associate in applied science degree programs are designed to prepare individuals for employment. These programs involve the application of scientific principles in research, design, development, production, distribution, or service.

(B) The associate in arts, associate in science, and associate in fine arts degree programs are designed to prepare students for transfer at the junior level to institutions offering baccalaureate degrees.

(C) The associate in general education degree programs are designed for students who desire a general liberal arts education.

(ii) The diploma programs are designed to provide entry-level employment training. A diploma program may be a stand-alone curriculum program title, or a college may award a diploma under the college's associate in applied science degree curriculum program for a series of courses taken from the program of study and structured so that a student may complete additional non-duplicative coursework to receive an associate in applied science degree.

(iii) The certificate programs are designed to lead to employment or to provide skills upgrading or retraining for individuals already in the workforce. A certificate program may be a stand-alone curriculum program title, or a college may award a certificate under the college's associate degree or diploma curriculum program for a series of courses taken from the program of study.

(b) Developmental Education programs consist of courses and support services which include diagnostic assessment and placement, tutoring, advising, and writing assistance. These programs are designed to address academic preparedness, workforce retraining, development of general and discipline-specific learning strategies, and affective barriers to learning. Developmental courses do not earn credit toward a degree, diploma, or certificate.

(2) Continuing Education Programs:

- (a) Occupational Extension courses consist of single courses, each complete in itself, designed for the specific purposes of training an individual for full- or part-time employment, upgrading the skills of persons presently employed, and retraining others for new employment in occupational fields.
- (b) Community Service:
  - (i) Community Service courses consist of single courses, each complete in itself, that focus on an individual's personal or leisure needs rather than occupational or professional employment.
  - (ii) The cultural and civic, and visiting artist component of this program meets community needs through lecture and concert series, art shows, the use of college facilities by community groups, providing speakers to community organizations, and providing visiting artist activities for college communities. Visiting artists may be provided an opportunity to work as artists in residence to enhance local arts resources and promote the various visual, performing and literary arts in communities throughout North Carolina.
- (c) Self-Supporting Programs:
  - (i) A self-supporting course is not reported to the state for budget FTE since the cost of conducting the course is paid by students enrolled.
  - (ii) Recreational programs are self-supporting courses which the college may provide at the request of the community but for which the college receives no budgetary credit. Funds appropriated as operating expenses for allocation to the colleges shall not be used to support recreation courses. The financing of these courses by a college shall be on a self-supporting basis, and membership hours produced from these activities shall not be counted when computing full-time equivalent students for use in budget-funding formulas at the state level.
- (d) Basic Skills Programs. The State Board and the community college system shall encourage persons to complete high school rather than seek testing for the High School Diploma Equivalency.
  - (i) High School Equivalency programs consist of classroom instruction, learning laboratory courses, or a combination of activities designed to qualify a student

for an adult high school diploma. An Agreement of Affiliation with a local public school system is required for minors sixteen or seventeen years old. No agreement is required for adults eighteen years old and older.

- (ii) General Educational Development (GED) testing programs consist of classroom instruction, or learning laboratory courses, or a combination of both designed to qualify a student to demonstrate competency on the General Educational Development (GED) tests and to receive a High School Diploma equivalency from the State Board. The State Board is responsible for the administration of the General Educational Development testing program in cooperation with the Office on Educational Credit of the American Council on Education. The procedures regulating the GED Testing Program set forth in the GED Examiner's Manual published by the General Educational Development Testing Service of the American Council on Education are hereby incorporated by reference. A copy of this manual is available for inspection in the Office of the System President, Community College System Office, 200 W. Jones Street, Raleigh NC 27603-1379. A copy of this manual may be obtained at a cost of fifteen dollars (\$15.00) from the GED Testing Service of the American Council on Education, One Dupont Circle NW, Suite 250, Washington, DC 20036-1163.
- (iii) The Adult Basic Education (ABE) program is designed for adults who are functioning at or below the eighth grade educational level. The major objectives of the program are to enable adults to acquire the basic educational skills necessary to be fully competent in our society, to improve their ability to benefit from occupational training and to have greater opportunities for more productive and profitable employment, and to meet their own objectives for enrolling in the program. Classes are offered and focus on fundamental skills such as reading, writing, speaking, computing, critical thinking, and problem solving.
- (iv) The English as a Second Language (ESL) program offers classes which accommodate the varied needs of the immigrant and refugee populations. Attention is given to both the cultural and linguistic needs as instruction is

focused upon the formation of accurate, appropriate communication skills and upon the student's ability to function in the adult American community. Classes are offered at the beginning through the advanced levels of ESL. The curriculum is designed to develop the basic language skills of reading, writing, speaking, and listening. Instruction integrates the English language with topics that prepare students for everyday life, employment, and citizenship.

(v) The Compensatory Education (CED) program is designed for adults with mental retardation. The program is highly individualized and fosters a maximum level of independent living commensurate with personal ability. Instruction is offered in math, language, social science, health, community living, consumer education and vocational education.

(e) Customized Training Program.

(i) The Customized Training Program addresses company-specific training customized for job growth, technology investment, or productivity enhancement. Based on needs specified in G.S. 115D-5.1, Customized Training Programs shall address job-specific training.

(ii) The Small Business Center program provides training, counseling and referral services especially designed in content and delivery modes for small businesses, both existing and prospective.

(i) assessment of an individual's assets and limitations;

(ii) development of a positive self-concept;

(iii) development of employability skills;

(iv) development of communication skills;

(v) development of problem-solving skills; and

(vi) awareness of the impact of information technology in the workplace.

(g) The Learning Laboratory programs consist of self-instruction using programmed texts, audio visual equipment, and other self-instructional materials. A learning

laboratory coordinator has the function of bringing the instructional media and the student together on the basis of objective and subjective evaluation and of counseling, supervising, and encouraging persons working in the lab.

  - (4) Career and College Promise (CCP) students, as defined in 1D SBCCC 400.11, may participate in challenge/proficiency examinations to earn college credit but may not earn dual high school credit. To earn dual credit, students must enroll and successfully complete the college course.
  - (5) If a CLEP exam in a subject is offered by the College Board, colleges may require a student to take the CLEP exam if he or she seeks to demonstrate proficiency in the subject area by examination.
- (d) Colleges shall award credit for the applicable course to a student who successfully earns a grade of "C" or higher on a challenge exam/proficiency.
- (e) If the college requires the student to enroll in the course to be challenged, for practical purposes the test should be administered and graded by the first week the

course is offered but no later than course census. Individuals who are unsuccessful may choose to stay enrolled in the course to earn course credit.

- (f) If the college challenge/proficiency examination occurs outside of regular course enrollment, then an optional assessment fee may be charged to cover administrative cost per 1E SBCCC 700.6.
- (g) For students enrolled in the course, successful challenge/proficiency examination completion may result in the student falling below full-time student status which could negatively impact their financial aid status; therefore, students should consult with their advisors beforehand to discuss various options.
- (h) Federal Pell grant funds cannot be used to pay for challenge exams/proficiency.
- (i) Student hours shall not be reported for budget/FTE which result from challenge exams/proficiency except that the actual time required to take the exam may be counted in membership; students shall be registered in the class consistent with 1E SBCCC subchapter 300 or 1E SBCCC Subchapter 400 (1G SBCCC 200.95).
- (j) Challenge Exams/Proficiency are not calculated into a student's cumulative grade point average.

- (b) Portfolio assessment. The evaluation of a Portfolio for Life and Work Experiences by subject matter experts designated by the local college in its local policy to determine whether a student is awarded Credit for Prior Learning.
- (c) Colleges may award Credit for Prior Learning based on portfolio assessment as provided by their local policies.

- (b) Consistent with 1D SBCCC 400.8(c), credit shall be considered for public safety training that meets the criteria outlined in the Public Safety Training (PST) course descriptions as listed in the Combined Course Library.
- (c) Official documentation from the training provider or credentialing entity shall be provided to the college that validates, at a minimum, the description and length of training.

### **1E SBCCC 200.2 Time Due, Deferred Payment, Failure to Pay**

(a) Time Due. If a student registers on or before the first date of a course section, tuition, registration fees, and other fees required for enrollment are due on a specific date prescribed by the college that is on or before the first date of the course section. If a student registers after the first date of the course section, tuition, registration fees, and other fees required for enrollment are due at the time of the student's registration. A student may satisfy the requirement for payment due through one or more of the following methods:

- (1) Directly paying the college.
- (2) Demonstrating to the college's satisfaction that the student is eligible for financial aid or other third-party payment.
- (3) Entering into a deferred payment plan authorized by 1E SBCCC 200.2(b).
- (4) Providing evidence of eligibility for a tuition or registration fee waiver consistent with 1E SBCCC 800.

To ensure tuition receipts are deposited to the credit of the fiscal year in which the Fall academic term occurs, colleges shall begin collecting curriculum tuition payments for the Fall academic term on or after July 1 of that year.

(b) Deferred Payment. The college may, with approval of the board of trustees, prescribe written procedures to permit short-term deferred payment or payment in installments; provided, however, that payment in full is due by the end of the academic term. For the purposes of this section, "short term" is defined as a period that does not extend beyond the last day of the academic term.

(c) Failure to Pay. Unless otherwise prohibited by law, colleges may not enroll or distribute an academic credential to a student with an outstanding balance for tuition or registration fees except under the following circumstances:

- (1) The college anticipates that the outstanding balance will be paid using pending financial aid;

- (2) A person or organization demonstrates to the satisfaction of the college the ability to pay the outstanding obligation and guarantees in writing to pay the balance if the student fails to do so;
- (3) A student is registered in a course section offered for the benefit of a company or agency. For the purpose of this rule, company or agency specific course sections are courses where the company pays the tuition or registration, and courses where attendance in the course section is limited to employees of the company or agency;
- (4) A student is classified as a captive or co-opted student pursuant to 1D SBCCC 700.98(a); or
- (5) A student is registered in a course that is on a specialized course list approved by the State Board of Community Colleges and supports the organizational training needs for entities specified in G.S. 115D-5(b)(2).
- (6) The college, in its discretion, determines that the outstanding balance is due to a COVID-19 related reason.

Unless otherwise prohibited by law, colleges may withhold transcripts of grades and any other service pending resolution of outstanding monetary obligations. This statement shall not be construed to prohibit a college's board of trustees from adding more stringent provisions that are allowable under law regarding outstanding monetary balances.

## **SUBCHAPTER 300. CURRICULUM TUITION**

### **1E SBCCC 300.1 Tuition for Curriculum Programs**

- (e) Tuition Rates. The State Board shall set a uniform tuition rate per credit hour and a maximum tuition amount per academic term for resident and non-resident students consistent with actions taken by the General Assembly.
- (f) Tuition Required. Colleges are required to charge students tuition to enroll in a curriculum course that earns Budget FTE as described in 1G SBCCC 100.99. Students are required to pay tuition, or have a third-party pay on their behalf, to enroll in a curriculum course, unless waived by law. See also 1E SBCCC Subchapter 800.
- (g) Tuition for Student Enrolled in More than One College. If a student enrolls for the same academic term at two or more community colleges, the student may pay the total amount of tuition and registration fees to the student's "home" college, at the discretion of the "home" college. For the purposes of this section, "home" college

means the college in which the student initially enrolls for the academic term. The "home" college shall work with the other college or colleges in which the student is enrolled to ensure the student is not charged more tuition than the maximum allowed by the State Board for the academic term. Student membership hours as defined in Chapter G for instruction received shall be reported by the college in which the respective instruction occurred.

- (h) Deposit of Tuition. All tuition receipts are State funds. Colleges must deposit all tuition receipts to the credit of the State Treasurer, consistent with State law.

### **1E SBCCC 300.2 Family Relocation Tuition**

- (a) As provided by G.S. 115D-39(a), community colleges may charge resident tuition rates to nonresident students who are members of families that were transferred to this state by businesses, industries, or civilian families transferred by the military, for employment. Prior to enrollment at the resident tuition rate, the nonresident student shall fulfill the following conditions:

- (1) Demonstrate that his or her family moved to this state within the 12 months preceding enrollment;
- (2) Present a letter to the college from the employer on corporate letterhead stating that the employee, through whom the student claims this benefit, relocated to this state for employment with that business, industry, or military establishment;
- (3) Present proof of his or her familial relationship with the employee, unless the student is the employee;
- (4) Present proof that the student lives in the same house with the employee, unless the student is the employee;
- (5) Present proof that the student is financially dependent on the employee through which the student claims this benefit, unless the student is the employee; and
- (6) Comply with the requirements of the Selective Service System, if applicable.

- (b) The number of students at a college eligible for resident tuition under this Rule in a given academic year shall not exceed one percent of the average number of nonresident students, rounded up to the next whole number, enrolled at the college during the preceding academic year. If a college charges resident tuition to students eligible under this section, eligible students shall be granted this benefit on a first-come, first-served basis.
- (c) Each local board of trustees shall adopt and publish a written policy specifying whether the college will charge resident tuition rates to nonresident students who satisfy the provisions of this section. If a local board of trustees adopts a policy that allows the college to charge resident tuition rates to nonresident students who satisfy the provisions of this section in some instances and not in others, the local board of trustees' policy shall specify the factors the college will use to determine when to grant the resident tuition rate and when to deny the resident tuition rate.

## **1E SBCCC 500.99 Reserved for Future Codification**

### **SUBCHAPTER 600. SELF-SUPPORTING COURSE SECTIONS**

#### **1E SBCCC 600.1 Definitions**

The following definitions apply to this Subchapter:

- (a) "Direct costs" - The costs required to provide an instructional course section. Examples of direct costs include, but are not limited to, instructor salaries and salary-related benefits (i.e. retirement contributions, health insurance, etc.), travel to and from the instructional site, course curriculum development costs, instructional supplies, equipment, building rental, insurance, advertising, printing, postage, mailing costs, and any other costs specifically related to the course section. Refreshments and meals may be included as a direct cost if disclosed to potential students prior to the start of the course section.

- (b) “Indirect costs” – The costs associated with activities and services that support instruction, but which cannot be exclusively assigned to a course section. Examples of indirect costs include, but are not limited to, student services, administrative costs, utilities, custodial services, and security services, which cannot be exclusively assigned to a course section.
- (c) “Self-supporting” - Funding the direct and indirect costs of a course or set of courses through receipts collected from students or from a third-party on behalf of students enrolled in the course or set of courses.

### **1E SBCCC 600.2 Authority to Charge Self-supporting Fees**

- (a) Authority to Charge. Colleges are authorized to offer curriculum and continuing education course sections on a self-supporting basis and charge self-supporting fees to students who enroll in self-supporting course sections.
- (b) Local Policy. The board of trustees shall adopt a policy regulating self-supporting activities prior to a college offering self-supporting course sections. This policy shall include, at minimum, the following elements:
  - (1) The method the college must use to determine self-supporting fee rates, and
  - (2) The permissible uses of excess funds generated from self-supporting activities.

*History Note: Authority G.S. 115D-5; G.S. 115D-39;*

*Eff. [May 16, 2014](#).*

### **1E SBCCC 600.3 Self-supporting Fee Rates**

- (a) A college shall set all self-supporting fees consistent with the policy adopted by its board of trustees. A college may adopt different self-supporting fees for different courses and activities, subject to the limitations established by this subsection.
- (b) Curriculum Self-Supporting Fee Rates: Colleges shall determine self-supporting fees for curriculum courses using one of the following two methods of calculation:

(1) Pro-rata Share Method. The amount charged to each student shall approximate the pro-rata share of the direct and indirect costs associated with providing self-supporting instruction. Unless the college can demonstrate a need for a higher rate, a college may estimate indirect costs by applying its federal indirect cost rate or a rate up to 25%, whichever is higher, to the direct costs of providing the self-supporting activity. The amount charged to the student shall be calculated based on either 1) the estimated costs of an individual self-supporting course section divided by the number of students expected to enroll in the course section or 2) the estimated costs of a set of self-supporting course sections divided by the number of students expected to enroll in the set of course sections. Each student must pay the self-supporting fee even if the sum of the curriculum tuition and self-supporting fees charged to the student for the academic term exceeds the maximum tuition rate set by the State Board and academic term.

(2) Transparent Rate Method. The college shall charge each student an amount consistent with the curriculum tuition rate based on residency status. The transparent rate method shall only be used if the receipts generated through this method can adequately support the direct and indirect costs of the self-supporting instruction.

(c) Continuing Education Self-Supporting Fee Rates: Colleges shall set self-supporting fees for continuing education course sections at a level at or below the local market rate for the type of continuing education instruction provided.

*History Note: Authority G.S. 115D-5; G.S. 115D-39;*

*Eff. [May 16, 2014](#).*

#### **1E SBCCC 600.4 Deposit and Use of Self-supporting Fees**

(a) Deposit of Self-Supporting Fees. Colleges shall deposit self-supporting fee receipts in an institutional unrestricted general ledger account. Any course section initially designated as self-supporting cannot be changed to a State-funded designation after the college collects any receipts for the course section.

(b) Use of Self-Supporting Fee Receipts. Self-supporting fee receipts shall be used to support the direct and indirect costs of the self-supporting course sections. Colleges

shall not use state funds for direct costs of self-supporting course sections. If a full-time faculty member teaches a self-supporting course section, colleges shall either 1) pro-rate the faculty salary based on the time allocated between state-funded and self-supporting course sections in the faculty member's course load, or 2) reimburse State funds an amount equal to the number of instructional hours associated with self-supporting course section multiplied by the instructor's hourly rate of pay.

- (c) Excess Receipts. If self-supporting receipts exceed expenditures for the fiscal year, colleges shall use excess receipts to either support the costs of future self-supporting course sections or to support costs authorized by 1E SBCCC 700.7.

The instructional technology fee shall not exceed \$48 per academic term for curriculum students and \$5 per course for continuing education students. However, subject to the prior approval of the SBCC, local boards of trustees have the authority to establish an instructional technology fee that exceeds the \$48 per academic term for curriculum students. Instructional technology fees shall not be charged to individuals who participate only in meetings or seminars.
- (b) Use of Fee Receipts. Instructional technology fee receipts shall be used to support costs of procuring, maintaining, and operating instructional technology, including both information technology (hardware and software) used primarily for instructional purposes and specialized instructional equipment necessary for hands-on instruction. Colleges are authorized to use instructional technology fee receipts to hire support positions to operate, maintain, and repair this technology, as well as buy the necessary supplies and materials for operations. ## **1E SBCCC 800.1 Definitions**

The following definitions apply to this subchapter:

- (a) "Tuition and Registration Fee Waiver" - A waiver that exempts an individual from paying curriculum tuition or continuing education registration fees that would otherwise be required to enroll in a course and deposited with the State Treasurer. The amount waived represents revenue foregone by the State. A tuition and registration fee waiver shall not be construed to mean inclusion of any other fees or charges (i.e. local fees, textbooks/supplies, and insurance) that are required for enrolling in a course or program. The amount charged to students who qualify as a resident for tuition purposes pursuant to G.S. 115D-39 and G.S. 116-143 is not a tuition waiver for the purposes of this Subchapter.
- (b) "Authorized Group or Organization" - A category of students or organizations that are authorized by law to be granted a tuition or registration fee waiver.
- (c) "Eligible Training" - Training that the State Board of Community Colleges has approved that is eligible to be waived for a specific authorized group, consistent with law.

*History Note: Authority G.S. 115D-5; G.S. 115D-39;*

*Eff. [May 16, 2014](#).*

## **1E SBCCC 800.2 General Provisions**

- (a) Proof of Eligibility. To obtain a waiver for a curriculum course section that begins at any point during an academic term, an individual must establish proof that he or she is a member of an authorized group or organization as of the first day of the applicable academic term to meet the criteria provided in 1G SBCCC 200.93. To obtain a waiver for a continuing education course, an individual must establish proof that he or she is a member of an authorized group or organization as of the first day of the course section to meet the criteria provided in 1G SBCCC 200.94.
- (a1) Notwithstanding subsection (a), trainees enrolled in Basic Law Enforcement Training (BLET) courses must obtain a letter of sponsorship from a state, county, or municipal law enforcement agency that is effective as of the first day of the course

section to be eligible for a tuition or registration fee waiver and meet the criteria provided in 1G SBCCC 200.93 or 1G SBCCC 200.94. The college must maintain documentation of the sponsorship on file. A sponsorship letter shall remain effective for one year from the date of issuance unless the law enforcement agency rescinds its sponsorship earlier. If the law enforcement agency rescinds its sponsorship prior to the student completing the course section, the student shall be in class membership if he or she otherwise meets the criteria for class membership provided in 1G SBCCC Subchapter 200 and any applicable local policies adopted pursuant to 1D SBCCC 400.2(c). The student must pay the applicable tuition or registration fees to remain enrolled in the course section.

- (b) Admission Requirements. Persons in an authorized group or organization must meet the same admission requirements as students that are not in an authorized group to enroll in courses for which the student is eligible for a waiver.
- (c) Proof of Eligibility. To obtain a waiver, individuals must establish proof of eligibility as a member of an authorized group or organization. To be eligible for a tuition or registration fee waiver, trainees enrolled in Basic Law Enforcement Training (BLET) courses must obtain a letter of sponsorship from a state, county, or municipal law enforcement agency prior to enrollment and uphold the terms of the sponsorship until completion of the BLET course. The college must maintain documentation of the sponsorship on file.
- (d) Reporting FTE: Unless otherwise prohibited by law, students eligible for an authorized waiver shall be counted in the computation of enrollment for funding purposes (BFTE) in a manner consistent with non-waived students, assuming all applicable reporting requirements are met.
- (e) Self-Supporting Courses: Community colleges shall not grant tuition and registration fee waivers to students enrolled in self-supporting courses. The community college shall charge the student the self-supporting fee or use institutional funds to pay for the self-supporting fee on the student's behalf.
- (f) Annual Reporting Requirement. As directed by the System Office, the college shall report the amount and number of tuition and registration fees waived by the college on behalf of

individuals who are members of authorized groups or organizations on an annual basis to the System Office.

### **1G SBCCC 100.99 Budget FTE Funding**

- (a) All student membership hours generated by the college for a given class shall be counted for budget FTE purposes provided 100 percent of the instructional cost is paid from college funds (funds budgeted through the college's budget including State

Current, County Current, or College Funds). These provisions apply to all instructional contracts which generate budget FTE including Basic Skills classes.

(1) College-sponsored instruction shall not supplant existing training which may take place without the college's involvement.

(2) A company or entity may reimburse the college for a given class up to 50 percent of the instructional cost. The student hours in membership generated in the class may be reported for budget FTE. If the college is reimbursed for more than 50 percent of the instructional cost for a given class, student hours in membership reported for the class shall be prorated in the same proportion as the college funding. If the college is reimbursed for 100 percent of the instructional cost, the class would be gratis [see Paragraph (b) of this Rule] and no budget FTE would be generated.

(3) In cases where a company or entity donates funds to a college with no expectation for instruction in return, these funds shall be treated as college funds and may be used to generate budget FTE.

(4) The community college shall not contract with a company or entity for that company or entity to provide training to its current employees.

(b) Any class for which the instructor's services are provided at no cost or for which the instructional cost is paid totally and directly by an external agency is a "gratis" class. In this situation, the class is reported as self-supporting, and does not generate budget/FTE. If a portion of the class is gratis, student hours shall be prorated accordingly.

(c) Categorical state allotments to colleges, except literacy, such as Small Business, Customized Training Programs, Community Service, and Block Grants do not earn budget/FTE and are not subject to the provisions of this Rule.

## **SUBCHAPTER 200. FTE REPORTING CATEGORIES/CRITERIA**

### **1G SBCCC 200.1 General Provisions**

(a) FTE Reporting. As directed by the System Office, colleges shall report FTE enrollment in all course sections scheduled during each academic term reporting period. If a course section is scheduled for a time period that crosses academic term reporting periods, the FTE enrollment shall be reported as follows:

- (1) For curriculum course sections that are regularly scheduled, as defined in 1G SBCCC 200.93(b), FTE enrollment shall be reported in the academic term reporting period in which the 10% point of the class falls.
- (2) For curriculum course sections that are non-regularly scheduled, as defined in 1G SBCCC 200.93(c), and all continuing education course sections, FTE enrollment shall be reported in the academic term reporting period in which the last day of the course falls.

The System Office shall provide colleges no less than 21 calendar days after the end of the academic term reporting period to submit FTE enrollment data.

(b) Instruction Provided Outside the College's Service Area. Excluding clinical instruction, a college may provide instruction outside its service area, as established per 1A SBCCC 300, only if the appropriate instructional service agreement is executed consistent with 1D SBCCC 300.6 and 1D SBCCC 400.96. If the instructional service agreement provides for the sharing of FTE, the colleges that are party to the agreement shall prorate the number of FTE reported consistent with the provisions of the agreement and the rules of this Chapter.

(c) Making Up Instructional Hours Due to Adverse Weather or Other Emergency Events.

A college is responsible for delivering instruction to meet the learning outcomes of each course it provides. If it is not possible or it will not be possible to reschedule all class hours missed due to adverse weather or other emergency events, the instruction may be made up by other alternatives included in the college's adverse weather policy or other policies, such as online instruction and alternative assignments. In a correctional education setting, a college may make up instructional time by issuing evening and weekend assignments and documenting students' successful completion of the assignments. The college must maintain documentation of how instruction was rescheduled or otherwise made up until released from all compliance reviews.

**1G SBCCC 200.93 Reporting of Student Hours in Membership for Curriculum Classes**

(a) Academic Term. College boards of trustees shall locally determine the beginning and end date for each academic term within the timeframes of the academic term reporting periods defined in 1G SBCCC 100.1, unless an exception is granted by the System President. The System President may grant an exception if it would not result in an overlap with another academic term, the 10% point of all course sections would fall within the corresponding academic term reporting period, and the exception would not negatively impact the college's ability to meet data reporting requirements. The academic semester for credit courses shall be designed so that

classes may be scheduled to include the number of instructional hours shown in the college catalog and the approved curriculum program of study compliance document and reported for FTE purposes (see 1D SBCCC 400.95(a)). Instructional hours include scheduled class and laboratory sessions as well as examination sessions. Length of semesters or courses may vary as long as credit hours are assigned consistent with 1G SBCCC

100.1 and as long as membership hours are reported consistent with the other provisions of this Rule. If necessary to meet the needs of particular constituents (for example, courses provided at high schools, military bases, prisons, or at the specific request of business), without an exception by the System President, colleges may schedule curriculum course sections that fall outside the academic term beginning and end dates, as defined by the college's board of trustees. If such course sections cross academic term reporting periods, FTE enrollment shall be reported consistent with the provisions of 1G SBCCC 200.1(a).

(b) Regularly Scheduled Classes.

(1) A class is regularly scheduled if it meets all of the following criteria:

- (A) Assigned definite beginning and ending time;
  - (B) Specific days the class meets is predetermined;
  - (C) Specific schedule is included on the Institution Master Schedule or other official college documents;
  - (D) Class hours are assigned consistent with college catalog and curriculum standard requirements; and
  - (E) Identified class time and dates are the same for all students registered for the class excluding clinical or cooperative work experience. This may include in-person or synchronously online, as long as the instructor and student are engaged in live interactions.
- (i) Classes which have a regularly scheduled lecture section and a non regularly scheduled laboratory section or online asynchronous option shall satisfy this criteria. The census date (10% point) shall be determined from the regularly scheduled portion of the class. Verification of student participation in the laboratory section or online asynchronous option of the

class shall be available for review.

- (ii) A student shall be considered absent if that student did not attend during the specified times or days the class was scheduled to meet. Classes that have a regularly scheduled section which include in-person instruction or digitally delivered synchronous instruction and an option to attend asynchronously shall satisfy this criteria.
  - (iii) A student shall be considered absent if that student did not attend during the specified times or days the class was scheduled to meet whether the class met in-person, synchronously, or asynchronously. Verification of student attendance in the asynchronous portion of the course shall be documented by electronic submission of content-related material.
- (2) A student shall be considered to be in class membership when the student meets all of the following criteria:
- (A) enrolled as evidenced by payment of the applicable tuition and fees, or obtained a waiver as defined in G.S. 115D-5(b);
  - (B) attended one or more classes prior to or on the 10 percent point in the class;
  - (C) has not withdrawn or dropped the class prior to or on the 10 percent point.
- (3) Definition of a Student Membership Hour. A student membership hour is one hour of scheduled class or laboratory for which the student is enrolled. A college shall provide a minimum of 50 minutes of instruction for each scheduled class hour. A college shall provide sufficient time between classes to accommodate students changing classes. A college shall not report more hours per student than the number of class hours scheduled in the approved curriculum program of study compliance document.
- (4) Calculation of Student Membership Hours for Regularly Scheduled Classes. Student membership hours are obtained by multiplying the number of students in membership at the 10 percent point in the class by the total number of hours the class is scheduled to meet for the semester as stated in the college catalog and the approved curriculum program of study compliance document (see 1D SBCCC 400.97(4)).
- (5) Maintenance of Records of Student Membership Hours. Accurate attendance

records shall be maintained for each class through the 10 percent point of the class. Attendance records shall be signed by the instructor or lead instructor, verifying their accuracy, and shall be maintained by the college until released from all compliance reviews (see the Public Records Retention & Disposition Schedule for Institutions in the Community College System). Student membership hours shall be summarized in the Institution's Class Report and certified by the president or designee. For classes identified as non traditional delivery (see Subparagraph (e)(1) of this Rule), documentation of student contact prior to the 10 percent point shall be maintained in the same manner as the attendance records mentioned in this Rule.

(c) Non Regularly Scheduled Classes.

- (1) A non regularly scheduled class may include any or all of the following:
  - (A) a class where a definitive beginning and ending time is not determined;
  - (B) a class offered in a learning laboratory type setting (see 1G SBCCC 200.94(b)(6) for definition of learning laboratory);
  - (C) a class self paced in that the student progresses through the instructional materials at the student's own pace, and can complete the class as soon as the student has successfully met the educational objectives. Classes offered as independent study are generally offered in this manner;
  - (D) a class in which a student may enroll during the initial college registration period or in which the student may be permitted to enroll at any time during the semester; or
  - (E) any class not meeting all criteria for a regularly scheduled class, as shown in Subparagraph (b)(1) of this Rule, is considered to be a non regularly scheduled class for reporting purposes. Classes defined as non traditional (see Paragraph (e) of this Rule) or clinical practice (see Paragraph (g) of this Rule) which are identified as a separate student hour reporting category are not subject to the above provisions in Paragraph (c).
- (2) Definition of Student Membership. A student is considered to be in class membership when the student meets the following criteria:

- (A) enrolled as evidenced by payment of the applicable tuition and fees, or obtained a waiver consistent with 1E SBCCC Subchapter 800; and
- (B) attended one or more classes.

- (3) Definition of a Student Contact Hour. For non-regularly scheduled classes, student contact hour is defined as actual time of student attendance in a class or lab. 60 minutes shall constitute an hour. A college shall not report more hours per student than the number of class hours scheduled in the approved curriculum program of study compliance document.
- (4) Calculation of Student Contact Hours for Non Regularly Scheduled Classes. For these classes, actual time of class attendance for each student determined to be in membership shall be reported. Student contact hours for these classes are the sum of all the hours of actual student attendance in a class in a given semester, and shall not exceed the hours in the approved curriculum program of study compliance document. (see 1D SBCCC 400.97(4)).
- (5) Maintenance of Records of Student Contact Hours. Accurate attendance records shall be maintained for each class of the nature described in this Rule through the entire semester. Attendance records shall be signed by the instructor or lead instructor, verifying their accuracy, and shall be maintained by the college until released from all compliance reviews (see the Public Records Retention & Disposition Schedule for Institutions in the Community College System). Student contact hours shall be summarized in the Institution's Class Report and certified by the president or designee.
- (d) Skills Laboratory or Computer Tutorial Laboratory. Individualized instructional laboratories are similar to learning laboratories (see 1G SBCCC 200.94(b)(6)) except the participants are curriculum students. Skills labs or computer tutorial labs are remedial or developmental in nature and intended for students who are experiencing academic difficulty in a particular curriculum course. A skills laboratory instructor shall be qualified in the single subject area of the skills laboratory. A computer tutorial laboratory coordinator need not be qualified in any of the subject area(s) provided in a computer tutorial laboratory. Student contact hours may be reported for budget/FTE when students are required by their instructor to attend

either of the laboratories for remedial or developmental work and when the skills laboratory instructors or computer tutorial coordinators are paid with curriculum instructional funds.

- (1) Documentation of instructor referral shall be maintained for compliance review purposes. The College shall maintain documentation until released from all compliance reviews.
  - (2) Homework assignments shall not be reported for budget/FTE. (See 1G SBCCC 200.95(a)).
  - (3) Calculation of Student Contact Hours for Skills Laboratory or Computer Tutorial Laboratory. For these classes, actual time of class attendance shall be reported; 60 minutes shall constitute an hour. Student hours generated for these types of classes are the sum of all the hours of actual student attendance in a class in a given semester.
- (e) Classes Identified as Curriculum Non Traditional Delivery.
- (1) Definition. Due to the methodology by which instruction is delivered, non traditional delivery classes are not consistent with the definitions of regularly scheduled or non regularly scheduled classes described in this Rule. Non traditional delivery classes are defined as those classes which are offered through media such as internet, telecourses, videocassette and other electronic media excluding classes offered via the North Carolina Information Highway.
  - (2) For those classes identified as non traditional delivery, student attendance in class or in an orientation session, submission of a written assignment or submission of an examination, is the basis for the determination of class membership at the 10 percent point of the class. Student membership hours earned in non traditional delivery classes shall be calculated by multiplying the number of students in membership, as defined in the prior sentence, times the number of hours assigned to the class in official college documents. For these classes, the number of hours assigned shall be consistent with the credit hours assigned according to 1G SBCCC 100.1, as well as the curriculum standard.
  - (3) Non-traditional instruction delivered is pre-structured into identifiable units. Non traditional delivery classes do not include classes identified as independent

study which are not media based.

(f) Curriculum Student Work Experience. The following criteria apply to the reporting guidelines for students enrolled in curriculum work experience, exclusive of work station based training. Examples of student work experience include cooperative education, practicums, and internships.

(1) Student membership hours for student work experience shall not generate budget/FTE without prior approval by the System Office for such activities through the appropriate curriculum standard.

(2) Work Experience. Work experience for curriculum courses shall earn budget/FTE at the 100 percent rate of assigned work experience hours and shall not exceed a maximum of 320 membership hours per student per semester.

(A) These classes shall be coordinated by college personnel paid with college instructional funds and may be located in one or more sites.

(B) These classes shall be specified in the approved curriculum of the college consistent with the applicable curriculum standard (see 1D SBCCC 400.97(3)(a)(ii)(D)).

(C) The college shall maintain documentation of all student work experience hours.

(g) Clinical Practice. Colleges shall report instructional hours of curriculum courses which include clinical practice, as defined in 1D SBCCC 400.1(c)(2), consistent with the rules for regularly scheduled classes in Paragraph (b) of this rule if the course meets the following criteria:

(1) Assigned definite beginning and ending time;

(2) Specific days the class meets are predetermined, although class times, dates, and locations may vary for enrolled students;

(3) Clinical hours scheduled are included on the Institution Master Schedule or other official college documents;

(4) Class hours are assigned consistent with the college catalog and curriculum standards set forth in 1D SBCCC 400.8;

(5) Class hours shall be scheduled to provide a minimum of 50 minutes of instruction; and

(6) College instructors who are qualified to teach in the particular program supervise

and are paid with college instructional funds for all scheduled class hours (classroom and clinical).

College personnel shall make documentation verifying student participation in clinical practice available for compliance purposes.

- (C) Students may enroll during the initial college registration period or at any time prior to the census date of the course section.

- (i) Census date shall be determined from the calculation of the total scheduled course section hours divided by 10 (ten) and applying the rounded whole number to the beginning hours of the course section;

- (D) The course section is consistent with course standards as defined in 1D SBCCC 300.5(c); and

- (E) Times and dates are the same for all students registered for the course section excluding clinical or work experience. This may include in-person or synchronously online, as long as the instructor and student are engaged in live interactions.

Classes that have a regularly scheduled section which included in-person instruction or digitally delivered synchronous instruction and an option to attend asynchronously shall satisfy this criteria.

- (iii) A student shall be considered absent if that student did not participate during the census window, whether the class met in person, synchronously, or asynchronously. Verification of student attendance in the asynchronous portion of the course shall be documented by electronic submission of an activity.

(2) Definition of Student Membership. A student is considered to be in course section

membership when the student meets all of the following criteria:

- (A) Enrolled as evidenced by payment of the applicable registration fees or obtained a waiver consistent with 1E SBCCC Subchapter 800.

A college shall provide a minimum of 50 minutes of instruction for each scheduled course section hour. A college shall not report more hours per student than the number of course section hours scheduled in official college documents. Colleges shall not report more hours per student than the number of hours specified in the instructor's contract.

(4) Calculation of Student Membership Hours for Regularly Scheduled Course Sections. Student membership hours are obtained by multiplying the number of students in membership at the census date of the course section by the total number of hours the course section is scheduled to meet as stated in official college documents.

(5) Maintenance of Records of Student Membership Hours. Accurate attendance records shall be maintained for each course section. Attendance records shall be signed by the instructor or lead instructor, verifying their accuracy, and shall be maintained by the college until released from all compliance reviews as provided in the Public Records Retention & Disposition Schedule for Institutions in the Community College System. Student membership hours shall be summarized in the Institution's Class Report and certified by the president or designee.

(1) Definition of Non-Regularly Scheduled Course Section. A non-regularly scheduled course section shall be consistent with course standards as defined in 1D SBCCC 300.5(c). Any course section that does not meet the definition of regularly

scheduled pursuant to 1G SBCCC 200.94(b)(1) or the definition of independently scheduled pursuant to 1G SBCCC 200.94(d)(1) is considered a non-regularly scheduled course section. A non-regularly scheduled course section may have any or all of the following features:

- (A) A course section where a definitive beginning and ending time is not determined;
- (B) A course section offered in a learning laboratory setting (see Subparagraph (c)(6) of this Rule for definition of learning laboratory);
- (C) A self-paced learning where the student progresses through the instructional materials at the student's own pace and can complete the courses as soon as the student has successfully met the educational objectives. Course sections offered as independent study are generally offered in this manner;

(4) Calculation of Student Contact Hours for Non-Regularly Scheduled Course Sections. For these course sections, actual time of course section attendance for each student determined to be in membership shall be reported. Sixty minutes shall constitute an hour. Student contact hours for these course sections are the sum of all the hours of actual student attendance in a course section in a given semester.

Contact hours shall be calculated as noted in Subparagraph (c)(4) of this Rule.

(d) Course Section Identified as Independently Scheduled.

(1) A course section is considered independently scheduled if it meets all the following criteria:

(A) A course section where definitive begin and end times are not defined.

(B) Instructional content is delivered asynchronously.

(C) A course section in which a student may enroll during the initial college registration period or in which a student may be permitted to enroll at any time prior to the census date of the course section.

(i) The census date shall be determined from the calculation of the total scheduled course section hours divided by four (4) and applying the rounded whole number from the end date of the course section. If the calculated number equals one (1) or less than one (1) then the next to last date is the census date. No census date shall be applied on the end date of the course section.

(ii) Verification of student attendance in an Independently Scheduled course section shall be documented by electronic submission of an activity or assignment with a timestamp within the census window.

(2) Definition of Student Membership: A student is considered to be in course section membership when the student meets the following criteria:

## **1G SBCCC 200.96 Training for Public Safety Agencies**

### **(a) Training for Public Law Enforcement Agencies.**

- (1) When a college is an accredited and designated direct delivery agency for initial certification training for public law enforcement agencies and funds 50% or greater of the instructional cost and the school director's salary, the college shall report the hours generated from the instruction for full budget FTE when the training is delivered in accordance with all other budget FTE and program requirements. For the purposes of this Subparagraph, the college shall supervise the school director and instructors. The college must also maintain full authority and control over the curriculum. Enrollment for any training course shall be open to all students who satisfy any course prerequisites, and who meet the requirements for admission of trainees imposed by the NC Criminal Justice Education and Training Standards Commission in 12 NCAC 09B .0203. Enrollment shall not be limited or restricted to the members, employees, associates, or trainees of any direct delivery agent or agents unless required by the NC Criminal Justice Education and Training Standards Commission.
- (2) When a public law enforcement agency external to a college is the accredited and designated direct delivery agency for initial certification training, the college may deliver a maximum of 25% of the total program hours and shall receive full budget FTE for the hours generated. A college shall not receive any state funds for hours generated above 25% of the total program hours.
  - (A) A college shall provide initial certification law enforcement training for an accredited and designated direct delivery public law enforcement agency under a written agreement. The agreement shall:
    - (i) confirm that the public law enforcement agency does not have the funds to provide the training;

- (ii) designate the source of funds for the training;
- (iii) list the courses to be taught;
- (iv) provide the total hours of instruction to be delivered; and
- (v) be signed by the president or the president's designee, and the senior official of the public law enforcement agency.

(B) The college shall receive full budget FTE for hours generated when the training is delivered in accordance with this agreement and all other budget FTE and program requirements. The college shall maintain a copy of the agreement on file until released from all compliance reviews.

### **1G SBCCC 400.3 Compliance Reviews**

- (a) Frequency. The System Office shall conduct a compliance review of each college once every two fiscal years unless the college’s prior year review has material findings. If a compliance review has material findings, the System Office shall conduct a compliance review during the subsequent fiscal year. If a college is not scheduled for a compliance review in a particular year, the college president may request the System Office conduct one, subject to the availability of resources.
- (b) Period of Review. Compliance reviews shall review a sample of records for college-funded basic skills, continuing education, and curriculum course sections for which FTE was reported for the Summer, Fall, and Spring terms completed immediately preceding the end (June 30) of the most recently completed fiscal year.
- (c) Compliance Review Components. A compliance review shall include the following components:
  - (1) Review of Course Section Sample. System Office Compliance Services staff shall review a statistically valid sample of course section records to ensure a college has reported FTE that is included in budget full-time equivalent (BFTE) calculations consistent with the provisions of this Chapter. For each course section in the review sample, System Office Compliance Services staff shall determine whether the following conditions were satisfied:
    - (A) The college did not report FTE for activities disallowed in 1G SBCCC 200.95.

- (B) The State Board has approved the college to provide the course.
  - (C) It is appropriate for the FTE associated with the course section to be included in BFTE calculations per 1G SBCCC 100.99.
  - (D) Any minors enrolled in a basic skills, continuing education, or curriculum course section have met the requirements of 1D SBCCC 200.95, 1D SBCCC 300.4(c), or 1D SBCCC 400.99, respectively.
  - (E) The number of FTE reported by the college for the course section complies with Subchapter 200 of Title 1, Chapter G of the SBCCC.
  - (F) The course section took place in the college's service area or the appropriate instructional services agreement was executed. If instruction was delivered under an instructional service agreement, the FTE was pro-rated (if applicable) consistent with the terms of the agreement.
  - (G) The instruction was provided either through a college-employed instructor or through a third-party contract that complies with contracted instruction rules in Title 1, Chapter D of the SBCCC.
  - (H) The college charged or waived the applicable tuition or registration fees consistent with the rules in Title 1, Chapter E of the SBCCC.
- (2) Review of Internal Class Visits. Each college shall include a local plan to visit a sample of continuing education course sections as part of the Continuing Education Accountability and Integrity Plan required under 1D SBCCC 300.4(a). System Office Compliance Services staff shall review documentation to ensure the college is following its internal class visit plan, but no other components of this plan shall be reviewed by the compliance examiner.
- (d) Financial reversions. *(Reserved for future codification)*
  - (e) Compliance Review Findings. Compliance Services shall provide a written report of any material compliance review findings to the college president, local college board of trustees, the State Board of Community Colleges, and the State Auditor. If a college disagrees with any of the findings in the report, the college president may submit a written appeal to the State Board of Community Colleges (SBCC). The written appeal shall identify one or more of following bases for appeal and provide evidence in support of each basis for appeal:

- (1) One or more compliance review findings are outside the scope of the factors listed in 1G SBCCC 400.3(c);
- (2) One or more compliance review findings constitute an error in application of the law; or
- (3) One or more compliance review findings constitute an error in fact.

The college must submit the written appeal within 30 days of receipt of the compliance review report. The Accountability and Audit Committee of the State Board of Community Colleges shall review the appeal and make its recommendation to the full State Board. The Accountability and Audit Committee of the State Board of Community Colleges will base its recommendation on whether the college established more likely than not that each compliance review finding under appeal satisfied either of the factors listed above in 1G SBCCC 400.3(e)(1) – (e)(3).

(f) Compliance Review Advisory Committee.

- (1) The Committee shall be composed of the following members, each of whom shall serve for a three-year term:

- (H) The designee of the State Auditor, who will serve as a non-voting member.
- (2) No member of the Compliance Review Advisory Committee shall serve more than two consecutive terms of three years on the Committee. This limitation does not prohibit an individual from serving future terms after a period of non-service.
- (3) The Compliance Review Advisory Committee is responsible for receiving college feedback about the compliance review process and making recommendations to the State Board of Community Colleges on desired policy changes and to the North Carolina Community College System Office on desired procedural changes. The Committee shall report to the Accountability and Audit Committee of the State Board at least annually on any recommendations.

## **SUBCHAPTER 300. INSTITUTIONAL FUNDS**

### **1H SBCCC 300.1 Live Client Projects**

(a) Definition. Live client projects are defined as:

- (1) educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel non-college owned personal property or real property; or
- (2) educational programs that construct structures that are sold, produce goods that are sold, or provide services for a fee, such structures, goods or services being the normal and necessary product of learning activities of students.

(b) Local Procedures. If a college elects to engage in live client projects, college management shall adopt procedures for the administration of such projects, consistent with State laws and rules, that include, at minimum, the following elements:

- (1) Definition of criteria that will be used to select project clientele,
- (2) Methodology for determining client charges,
- (3) Management of liability issues for students participating in live projects,
- (4) Assignment of liability for the integrity of the finished product or service, and
- (5) Required administrative approvals prior to beginning a live project.

Colleges shall select clientele and establish client charges through an objective process that prevents private individuals or entities from accruing, from the live client

project, benefits a college shows to be unreasonable. Colleges shall not engage in live client projects that repair or remodel property for companies or individuals that are in the business of equipment resale unless the property undergoing repair or remodeling is used in the usual course of the business and is not being resold.

- (c) Live Client Project Charges. Colleges are authorized to charge project clientele for goods or services produced through a live client project. In the case of (a)(1) of this Rule, the owner of the property shall supply or pay for all parts required. In the case of (a)(2) of this rule, the college shall charge all clientele for the value of the goods and services provided through a live customer project. Live client project receipts shall be deposited into an unrestricted institutional account. A college may determine locally whether discrete live client projects are accounted for in separate institutional accounts or in one account used for multiple live client projects.
- (d) Use of Live Client Project Receipts. All costs that otherwise would not have been incurred absent the live client project shall be supported by funds from the institutional account that receives the live client project receipts and shall not be supported from State funds. These costs include, but are not limited to, supplies and materials used in producing the good or service, additional personnel required to serve clients, specialized equipment, liability insurance, and other costs directly related to the live client project as distinguished from an instructional program that does not produce income. In the context of construction live client projects, these costs include, but are not limited to, all building materials, land, land improvements, amounts paid to subcontractors for work not performed by students or employees of the college, any actual interest paid on construction loans or financing arrangements provided for by a partnering third-party entity, and any legal fees and closing costs that may be required. Live client project receipts may also be used to supplement instructional costs of those programs engaging in live client projects. The college shall maintain detailed records so that the college may prepare annual financial statements and a complete audit of the account may be made after the close of the fiscal year.
- (e) Surplus Equipment Live Client Projects. For live client projects that involve the repair of equipment purchased with State funds or federal surplus property, with a subsequent sale as surplus under the rules of the State Division of Purchase and

Contract, the proceeds of such sales shall be deposited as a refund of expense to the equipment budget of the college.

- (f) Construction Live Client Projects. For construction live client projects where a permanent building is constructed on the college's campus or on property owned by the college, the board of trustees shall follow all requirements of the General Statutes in acquiring the building materials and any subcontracted work, as well as in disposing of the building and property. College employees on the permanent payroll of the college are permitted to perform construction or repair work as long as project costs do not exceed the maximum thresholds established in G.S. 143-135. A project cannot be subdivided to evade the provisions of G.S. 143-135.
- (g) Patron Service Live Client Projects. Notwithstanding subsection (d) of this section, a college may use a combination of State funds and live client project receipts to support costs associated with providing services to patrons, such as cosmetology and dental hygiene services.
- (h) Disposition of Discontinued Live Client Project Fund Balance. If a college decides to discontinue a live client project activity, any unexpended funds in the live client project institutional account shall be used for other live client projects or used consistent with the provisions of 1E SBCCC 700.7.

## **1H SBCCC 300.2      RESERVED FOR FUTURE CODIFICATION**

### **1H SBCCC 300.3    Bookstore and Bookstore Commissions**

- (a) Bookstore operations. All financial transactions pertaining to bookstore operations shall be accounted for in a proprietary institutional account and kept separate from all other activities of the college. At least every four years, the board of trustees of each college shall review the college's mark-up on textbooks and other instructional materials sold through the bookstore to determine if the mark-up is appropriately

balanced between affordability for students and other priorities identified by the local board of trustees.

- (b) Use of bookstore operating revenues. Bookstore receipts shall first be used to support bookstore operating expenses including, but not limited to salaries and benefits of bookstore personnel, purchase of inventory, marketing, supplies, travel, equipment associated with the operation of the bookstore, enhancement of the bookstore, and bookstore facility support costs, such as, utilities, housekeeping, maintenance, and security.
- (c) Excess bookstore revenues. Receipts in excess of the above operating expenses shall be transferred to the appropriate account and expended consistent with the following provisions:
  - (1) Funds may be used to support instruction, student support services, student financial aid (e.g. scholarships, grants, loans, Work Study), student refunds, student activities, giveaways to students, curriculum development, program improvement, professional development, instructional equipment, and capital improvements related to facilities associated with the bookstore and student activities.
  - (2) Funds shall not be used to support any supplemental salary, benefit, or other form of compensation for the college president. Funds shall not be used to support administrative costs, promotional giveaways to individuals other than students, entertainment expenses, fundraising expenses, and capital improvements not allowed under (c)(1) above.

Funds generated through vending facilities, vending machines, and other concession activities shall be deposited

into an unrestricted institutional account. These funds shall not be used to support the salary, benefits, or any other compensation reportable as income to the Internal Revenue Service of the college president.

## **SUBCHAPTER 500. PROCUREMENT**

### **1H SBCCC 500.1 Noncertified Source Purchases**

- (a) Community colleges may purchase the same or substantially similar supplies, equipment, and materials from noncertified sources as provided in G.S. 115D-58.5(b) and G.S. 115D-58.14. "Noncertified sources" are defined as vendors that do not provide supplies, equipment, and materials through a State term contract. "Substantially similar" is defined as items having comparable, but not identical characteristics in terms of quality, service and performance as items available under State term contracts.
- (b) Each college shall submit to the System Office an annual report showing the number of purchases made from noncertified sources for supplies, equipment, or materials; the amount of funds expended for each purchase; and the amount of funds that would have been expended under the State term contract. When exercising the purchasing authority granted by G.S. 115D-58.14, each college shall also document the use of this authority on the purchase order.
- (c) The System Office shall monitor the use of noncertified source purchases and shall make an annual report to the State Board. The report shall include the number of noncertified source purchases made by the colleges and the amount of funds expended.

### **1H SBCCC 500.2 Special Purchasing Delegations**

- (a) For the purposes of this Section, "purchasing delegation" means the maximum authorized dollar limits for purchases of commodities, printing, and services by community colleges.
- (b) The State Board of Community Colleges shall not increase a community college's purchasing delegation in any calendar year without the concurrence of the Department of Administration, Division of Purchase and Contract. If the Department of Administration, Division of Purchase and Contract does not respond within 60 days of the State Board of Community Colleges notifying the Department of Administration, Division of Purchase and Contract of a college's request to increase its purchasing delegation, the State Board of Community Colleges may increase a community college's purchasing delegation consistent with Paragraph (d) of this Rule without the concurrence of the Department of Administration, Division of Purchase and Contract.
- (c) The maximum purchasing delegation for a community college shall be no greater than one hundred thousand dollars (\$100,000).

(1) Tier Structure:

- (A) Each community college's purchasing delegation shall correspond to the following four-tiered structure:

Tier 1	Tier 2	Tier 3	Tier 4
\$10,000	\$25,000	\$50,000	\$100,000

- (B) A college's tier designation placement is based upon its current delegation limit. A college may request an increase in delegation only to the next tier; and
- (C) If the State Board approves a college's request for an increase in delegation, the new delegation shall be effective for two years from the effective date of approval. If during this 2 year period the college receives a negative compliance review from the Department of Administration, Division of Purchase and Contract or upon additional investigation, demonstrates the inability to manage the increased delegation, the State Board of Community Colleges at its discretion and in consultation with the Department of Administration, may rescind the new delegation prior to the end of the two years. A college may

only request a delegation increase to the next tier after being at the current tier for two years.

(2) Required Documents. When requesting an increase in purchasing delegation, a college shall submit the following hard copy items to the System Office:

(A) Original letter signed by the college President on college letterhead requesting the next tier delegation and the rationale for the request;

(B) Request for Increase in Purchasing Delegation (Form 490) as provided by the System Office;

(C) College Internal Purchasing Manual with policy and procedures for all transaction types;

(D) Proof that the college has posted any "Request for Bid" and a copy of the bid on the North Carolina Interactive Purchasing System within the 12 months prior to the date the System Office receives the college's request to increase its purchasing delegation;

(E) A copy of any posted E-Quote within the 12 months prior to the date the System Office receives the college's request to increase its purchasing delegation;

(F) Copy of a compliance review report from the Department of Administration, Division of Purchase and Contract. The compliance review report shall have been conducted within 12 months prior to the date the college requests an increase in purchasing delegation. The compliance review shall cover a time period during which the college's current lead purchasing agent was in his or her position for at least six months. If any findings are noted in the compliance review report, the college shall provide documentation that the college has corrected all findings by the date the college requests an increase in purchasing delegation. An increase in delegation will not be approved if the compliance report contains findings that are considered significant by the System Office or by the Department of Administration, Division of Purchase and Contract.

(d) Evaluation Process. The State Board, acting by and through the System Office, will evaluate the following factors before submitting a recommendation to increase the purchasing delegation to the Department of Administration, Division of Purchase and Contract:

- (1) The college's overall capabilities including:
    - (A) Staff capacity to absorb additional volume and complexity;
    - (B) Experience and training of the procurement staff of the requesting college; and
    - (C) Frequency of procurement staff turnover;
  - (2) Purchasing compliance reviews;
  - (3) College internal purchasing procedures; and
  - (4) Audit reports from the North Carolina Office of the State Auditor or from a certified public accountant pursuant to G.S. 115D-58.16.
- (e) If the State Board approves a college's request to increase its purchasing delegation, the approval will be effective on the first day of the month following the State Board's approval.
- (f) If a college receives compliance findings on a compliance review from the Department of Administration, Division of Purchase and Contract or received audit findings related to purchasing on its most recent financial statement audit, the State Board at its discretion based upon the type of findings and the college's official response may decrease the delegation amount.
